# JUST CHILLIN'..

Here at Westview, we love to socialize and can often be found in the hallways. In the hallways is when we can be ourselves and meet up with our friends. Sometimes we do laps, chill in groups, and some even chill with the teachers, no one is ever left out. We all have fun! It's what we do!

# CHUGG! OUT OF CLASS

# Leaders at Camp!

Leadership camp has been one of the most memorable trips this year. Westview students of all ages joined together and attended leadership camp at Ceder Glen. We spent three fun filled days at camp, getting to know each other while building our leadership skills. Everyday we took part in fun and exciting activities including high ropes, campfires, rock climbing, hikes and mazes. Our students went to camp to improve their skills and gain new ones with the intension of bringing them back to Westview and sharing them with our school community. *The leaders of Westview are our Generation Change!*

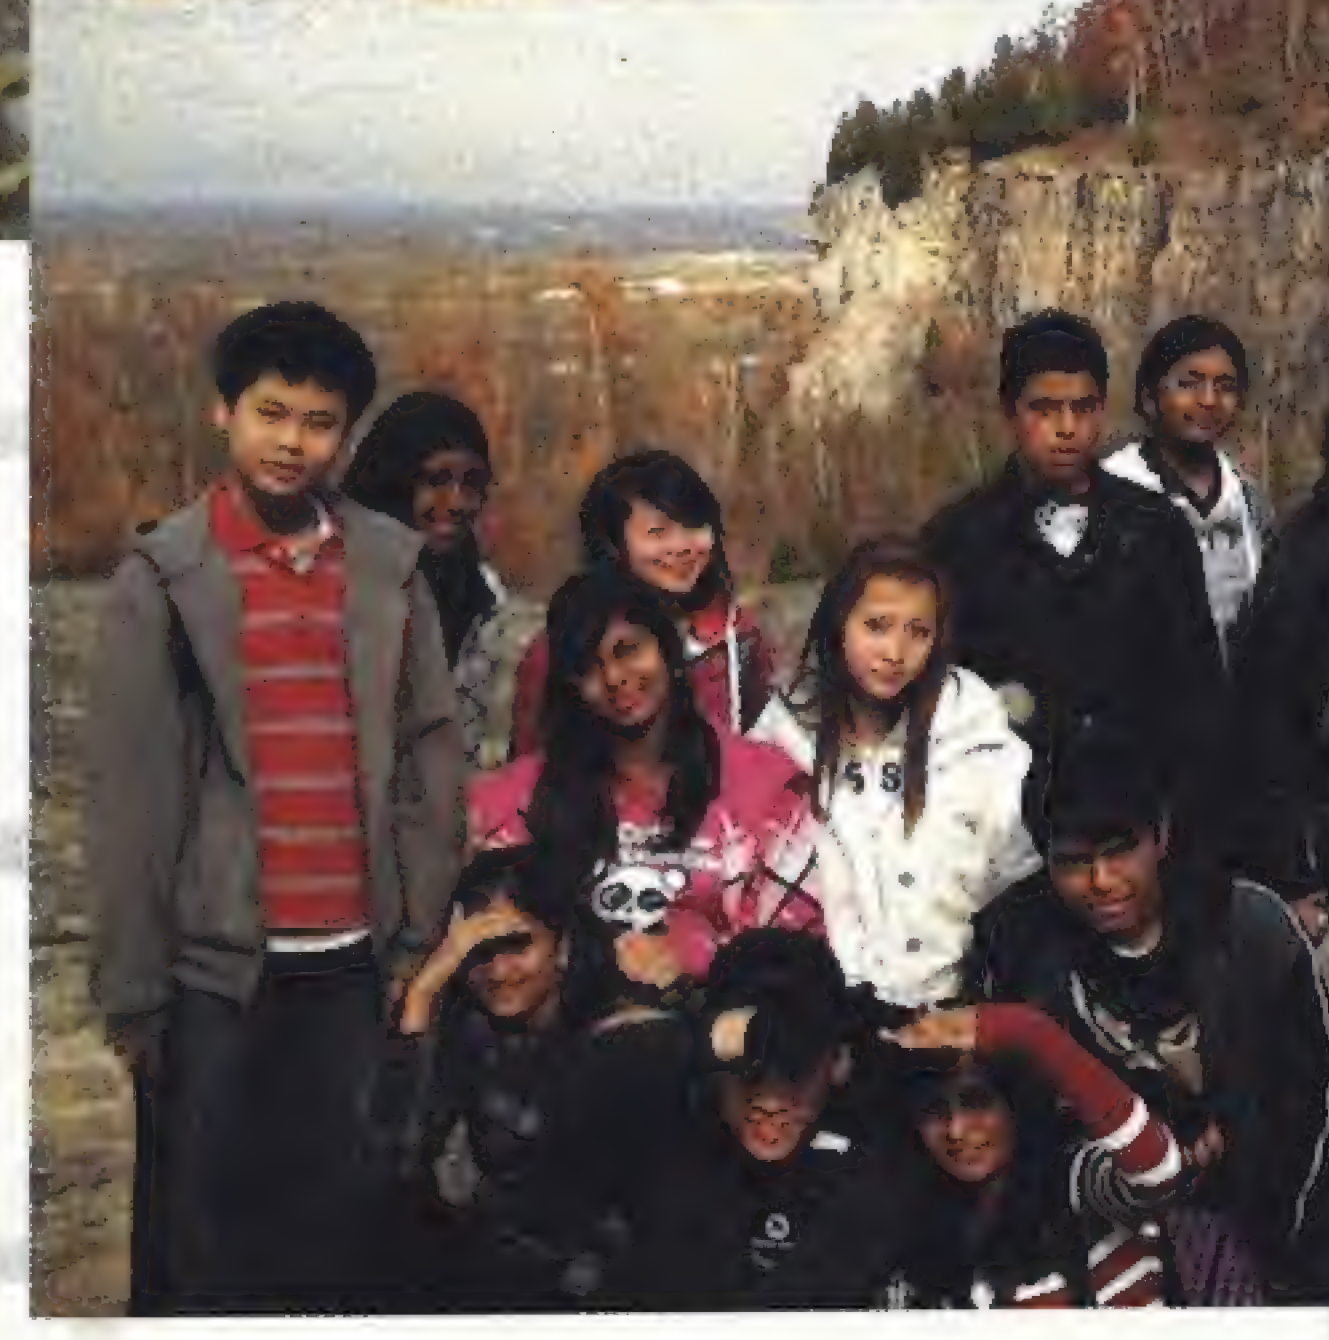

A leader leads by example. w

# TECHNOLOGY

In technology, there are tons of classes to choose from: woodworking, robotics, autoshop, cosmetology, cooking manufacturing and of course yearbook! Most projects in tech are hands-on and hands-on projects are the best! You get to build robots, tables, chairs and lots of other stuff. The best part about Tech is that you learn a lot of handy things that can help you throughout your life and all the teachers are helpful and extra nice!

# KICKS & FITTEDS

Westview has a great passion for shoes and fitted hats. Students here care deeply about what's on their feet and what's on top of their head. The majority of students wear new era fitted caps and for shoes...well it would be hard to list them all but Nike and Jordan's definitely top the list. Our school is filled with a passion for dressing! On this page there are the most exclusive fitted caps and the most exclusive shoes in the whole school. Here's a little taste of Westview!

*Fashion can be bought. Style one must possess.*

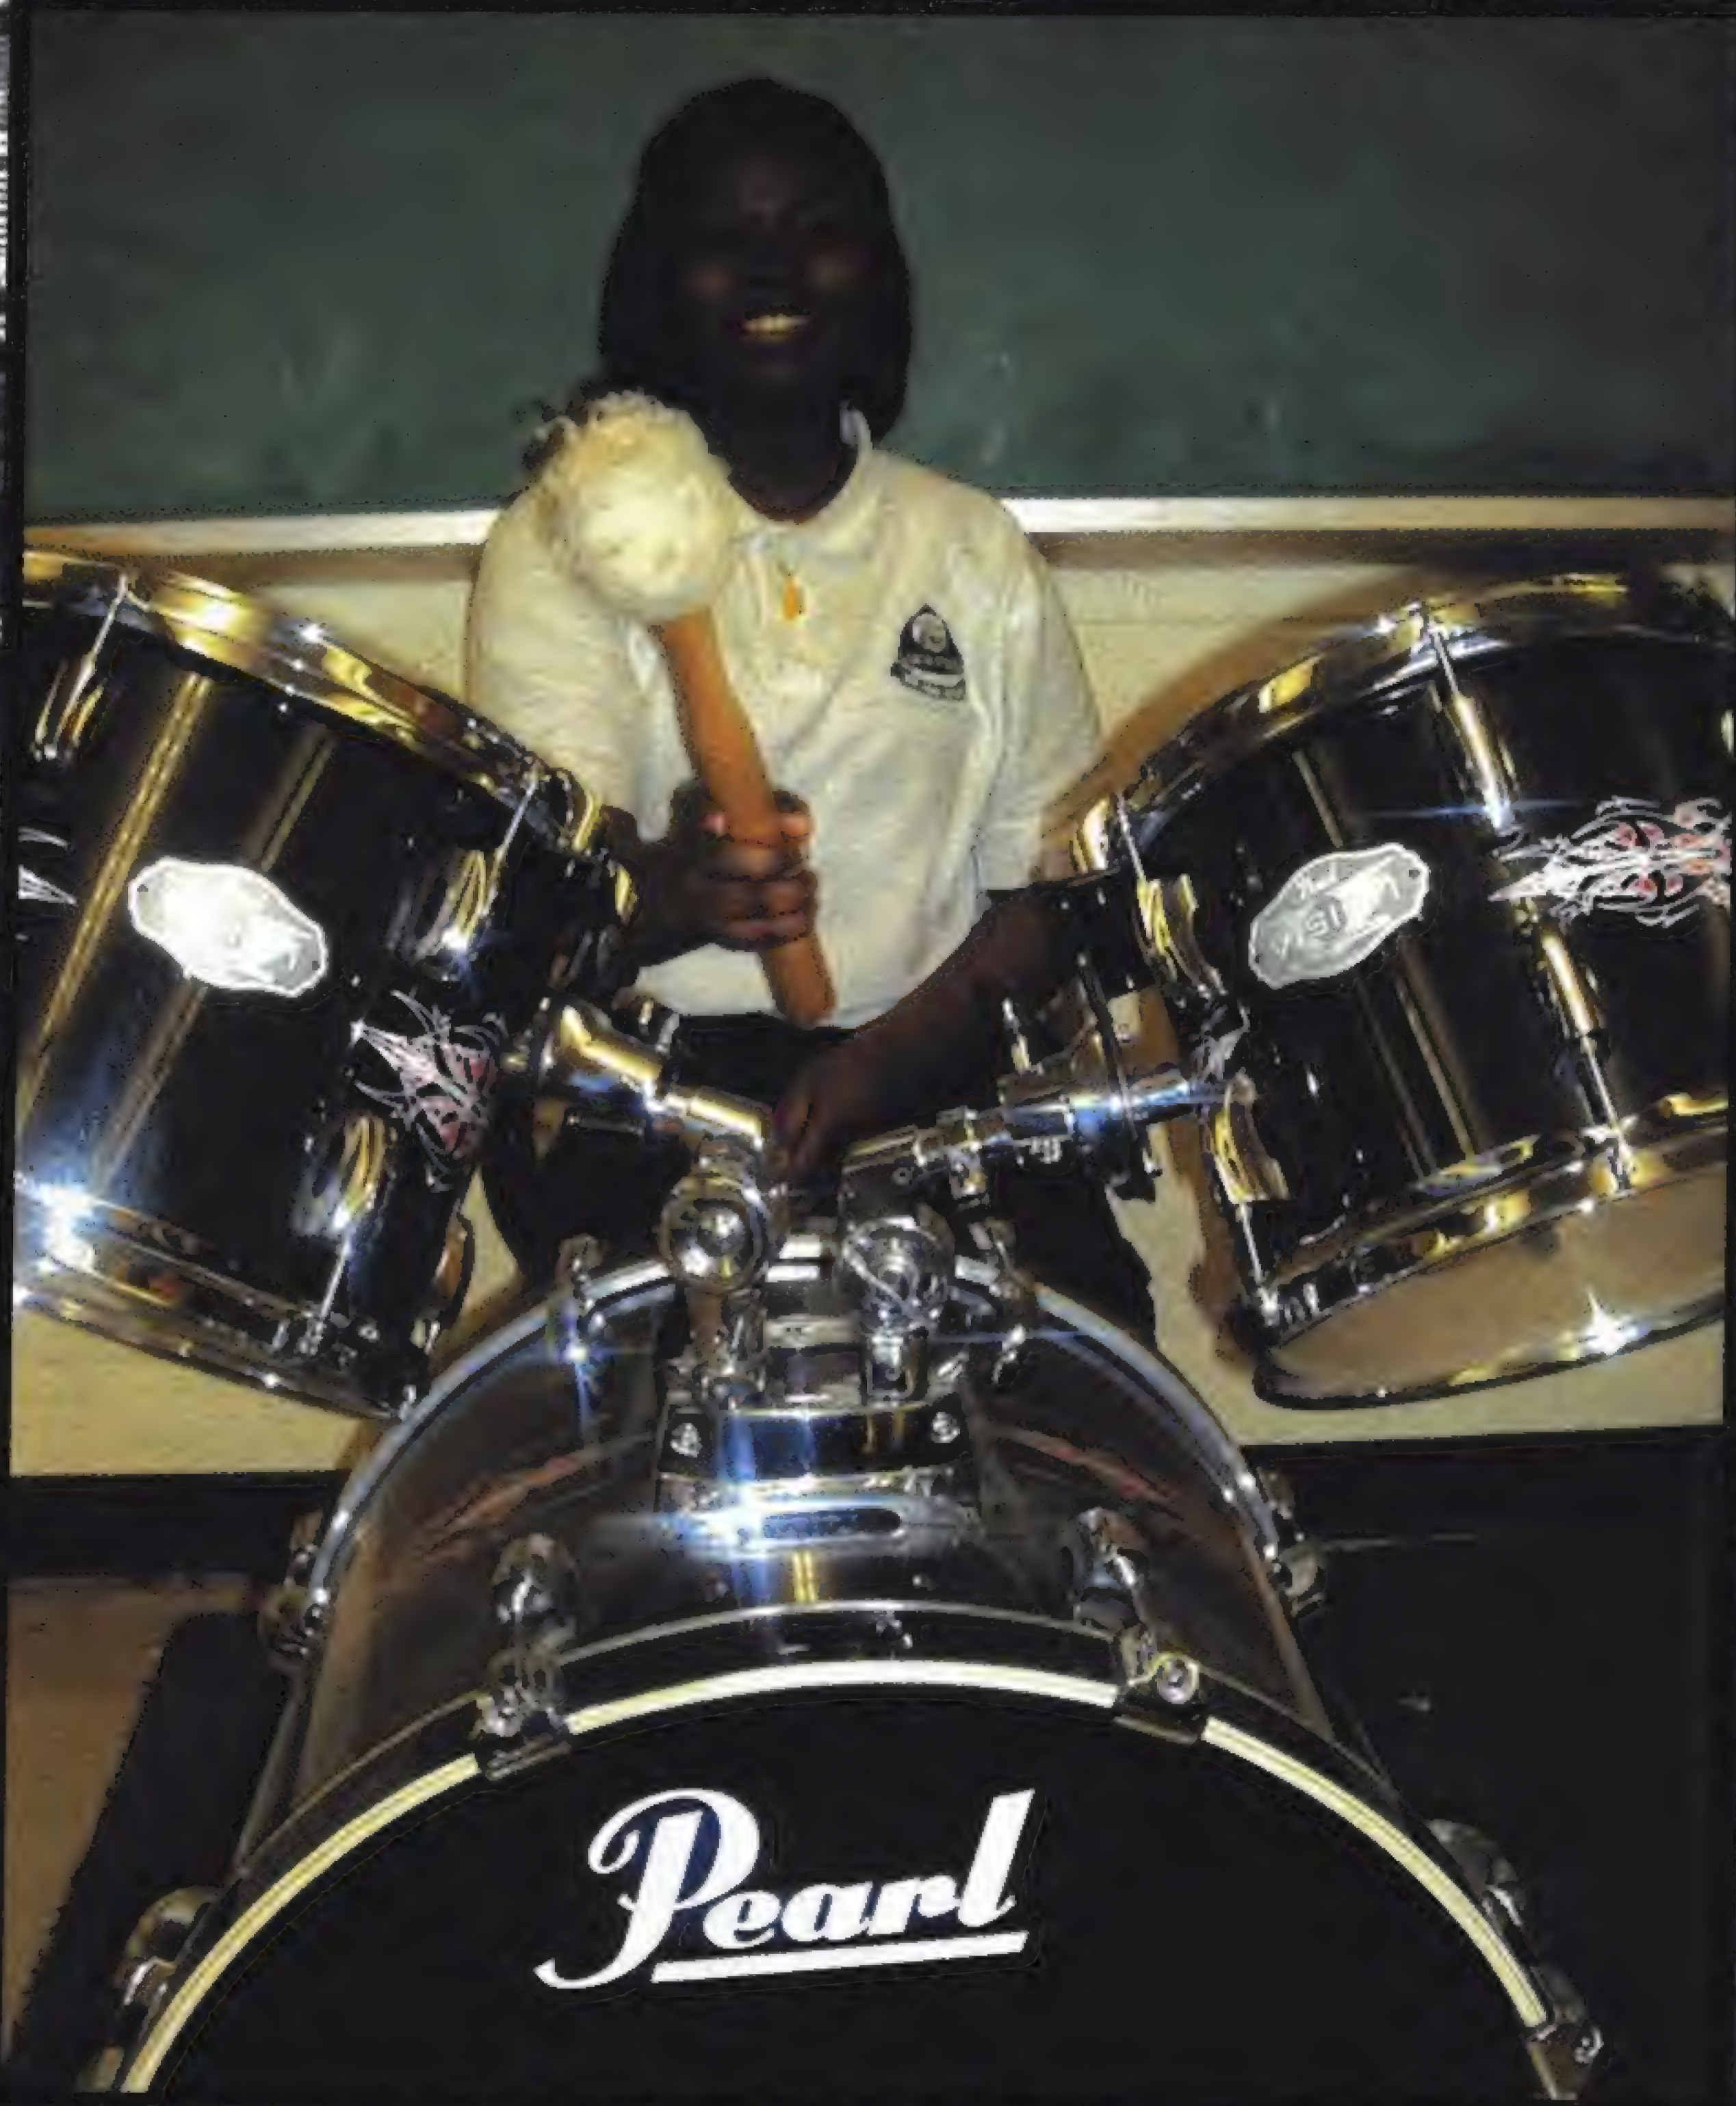

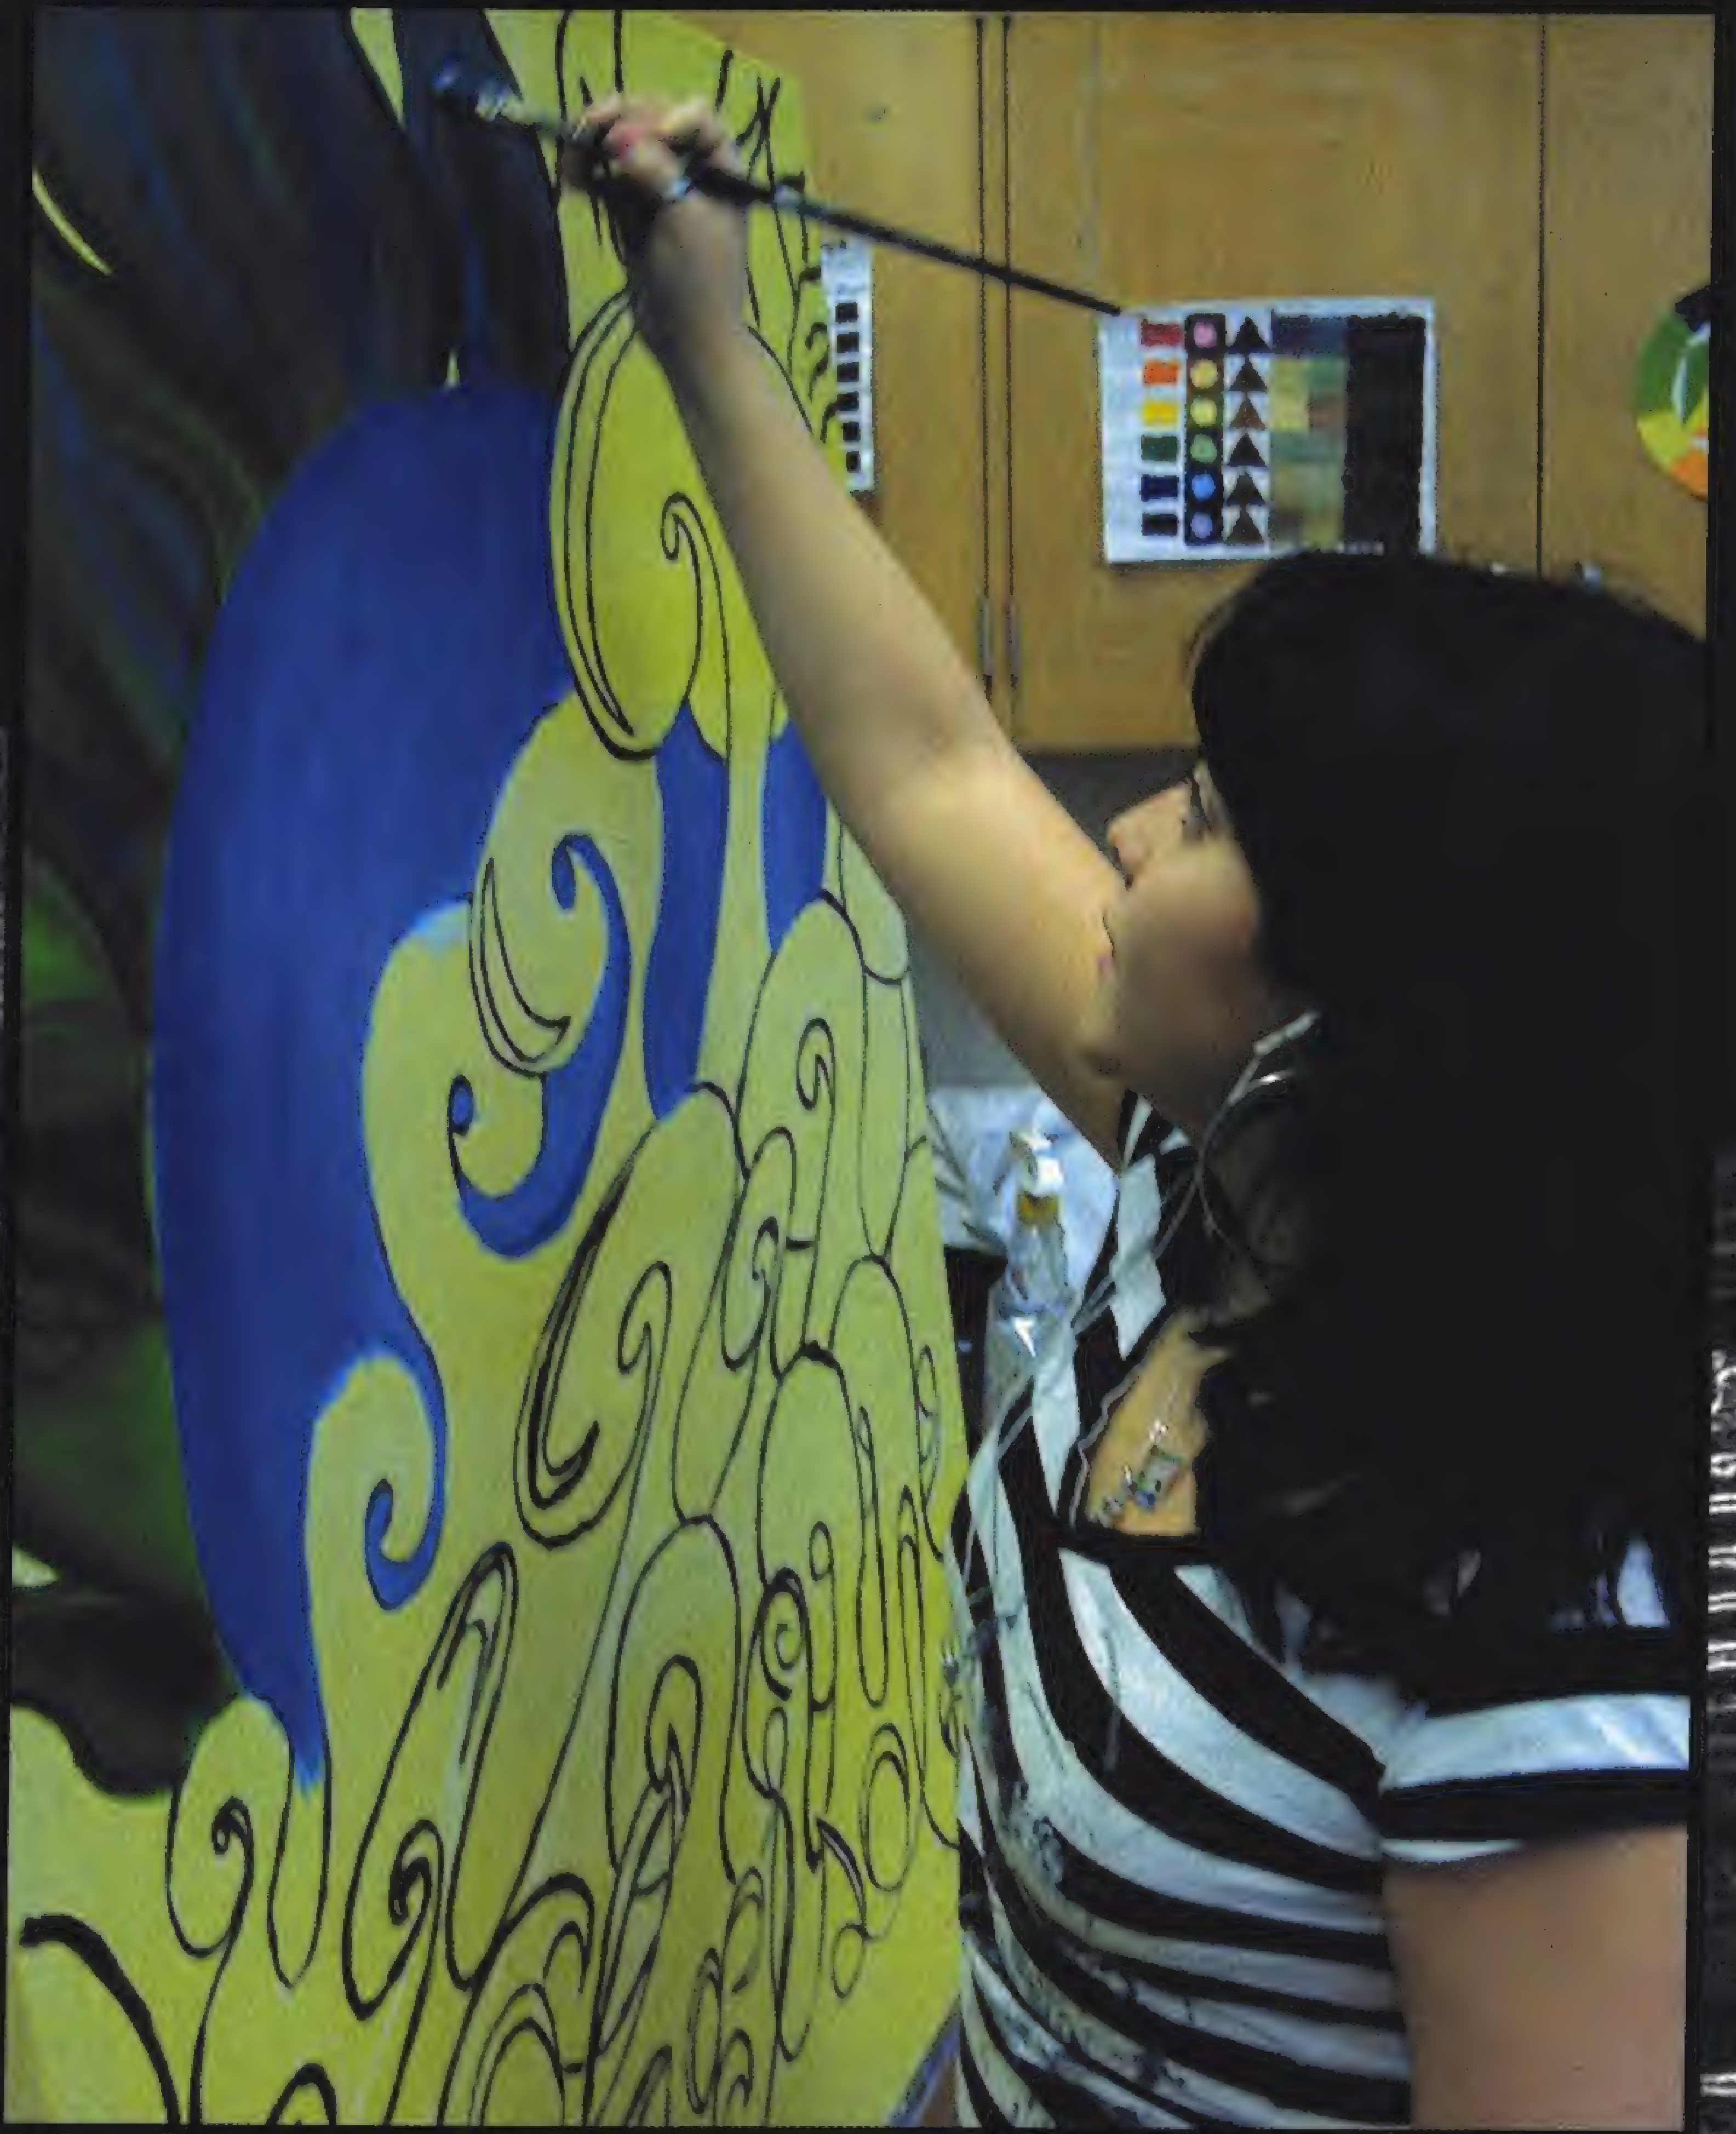

# Standing Ovation Arts @ Westview

Westview is filled with creative kids that express themselves in many ways. Our school has artists that engage in drama, visual arts and music. Westview has a wide variety of classes that attract different students interests. Students who are interested in acting take drama, students that enjoy drawing or painting take art, and musically driven students can take vocal or band classes. These classes give students the chance to take courses that give them experience and strengthen their skills. Drama class gets students to work in groups and perform in front of audiences. This helps build their socializing skills and confidence with their peers. "I really enjoyed Drama class because it gave me experience in presentations and my team building skills" said Simone Antonio. Art classes are fun and helps students realize their talents and may also give students direction towards what they might do in life. These classes are prerequisites to Photography, Interior Design and much more. "Art class is so much fun, I get to take a class I enjoy and express myself visually!" says Shantay McDonald. Finally there are the music classes such as vocal, band, guitar and piano. These classes help students communicate themselves musically. The field of arts is very important and without it Westview wouldn't get to express their talents.

# The Ottawa

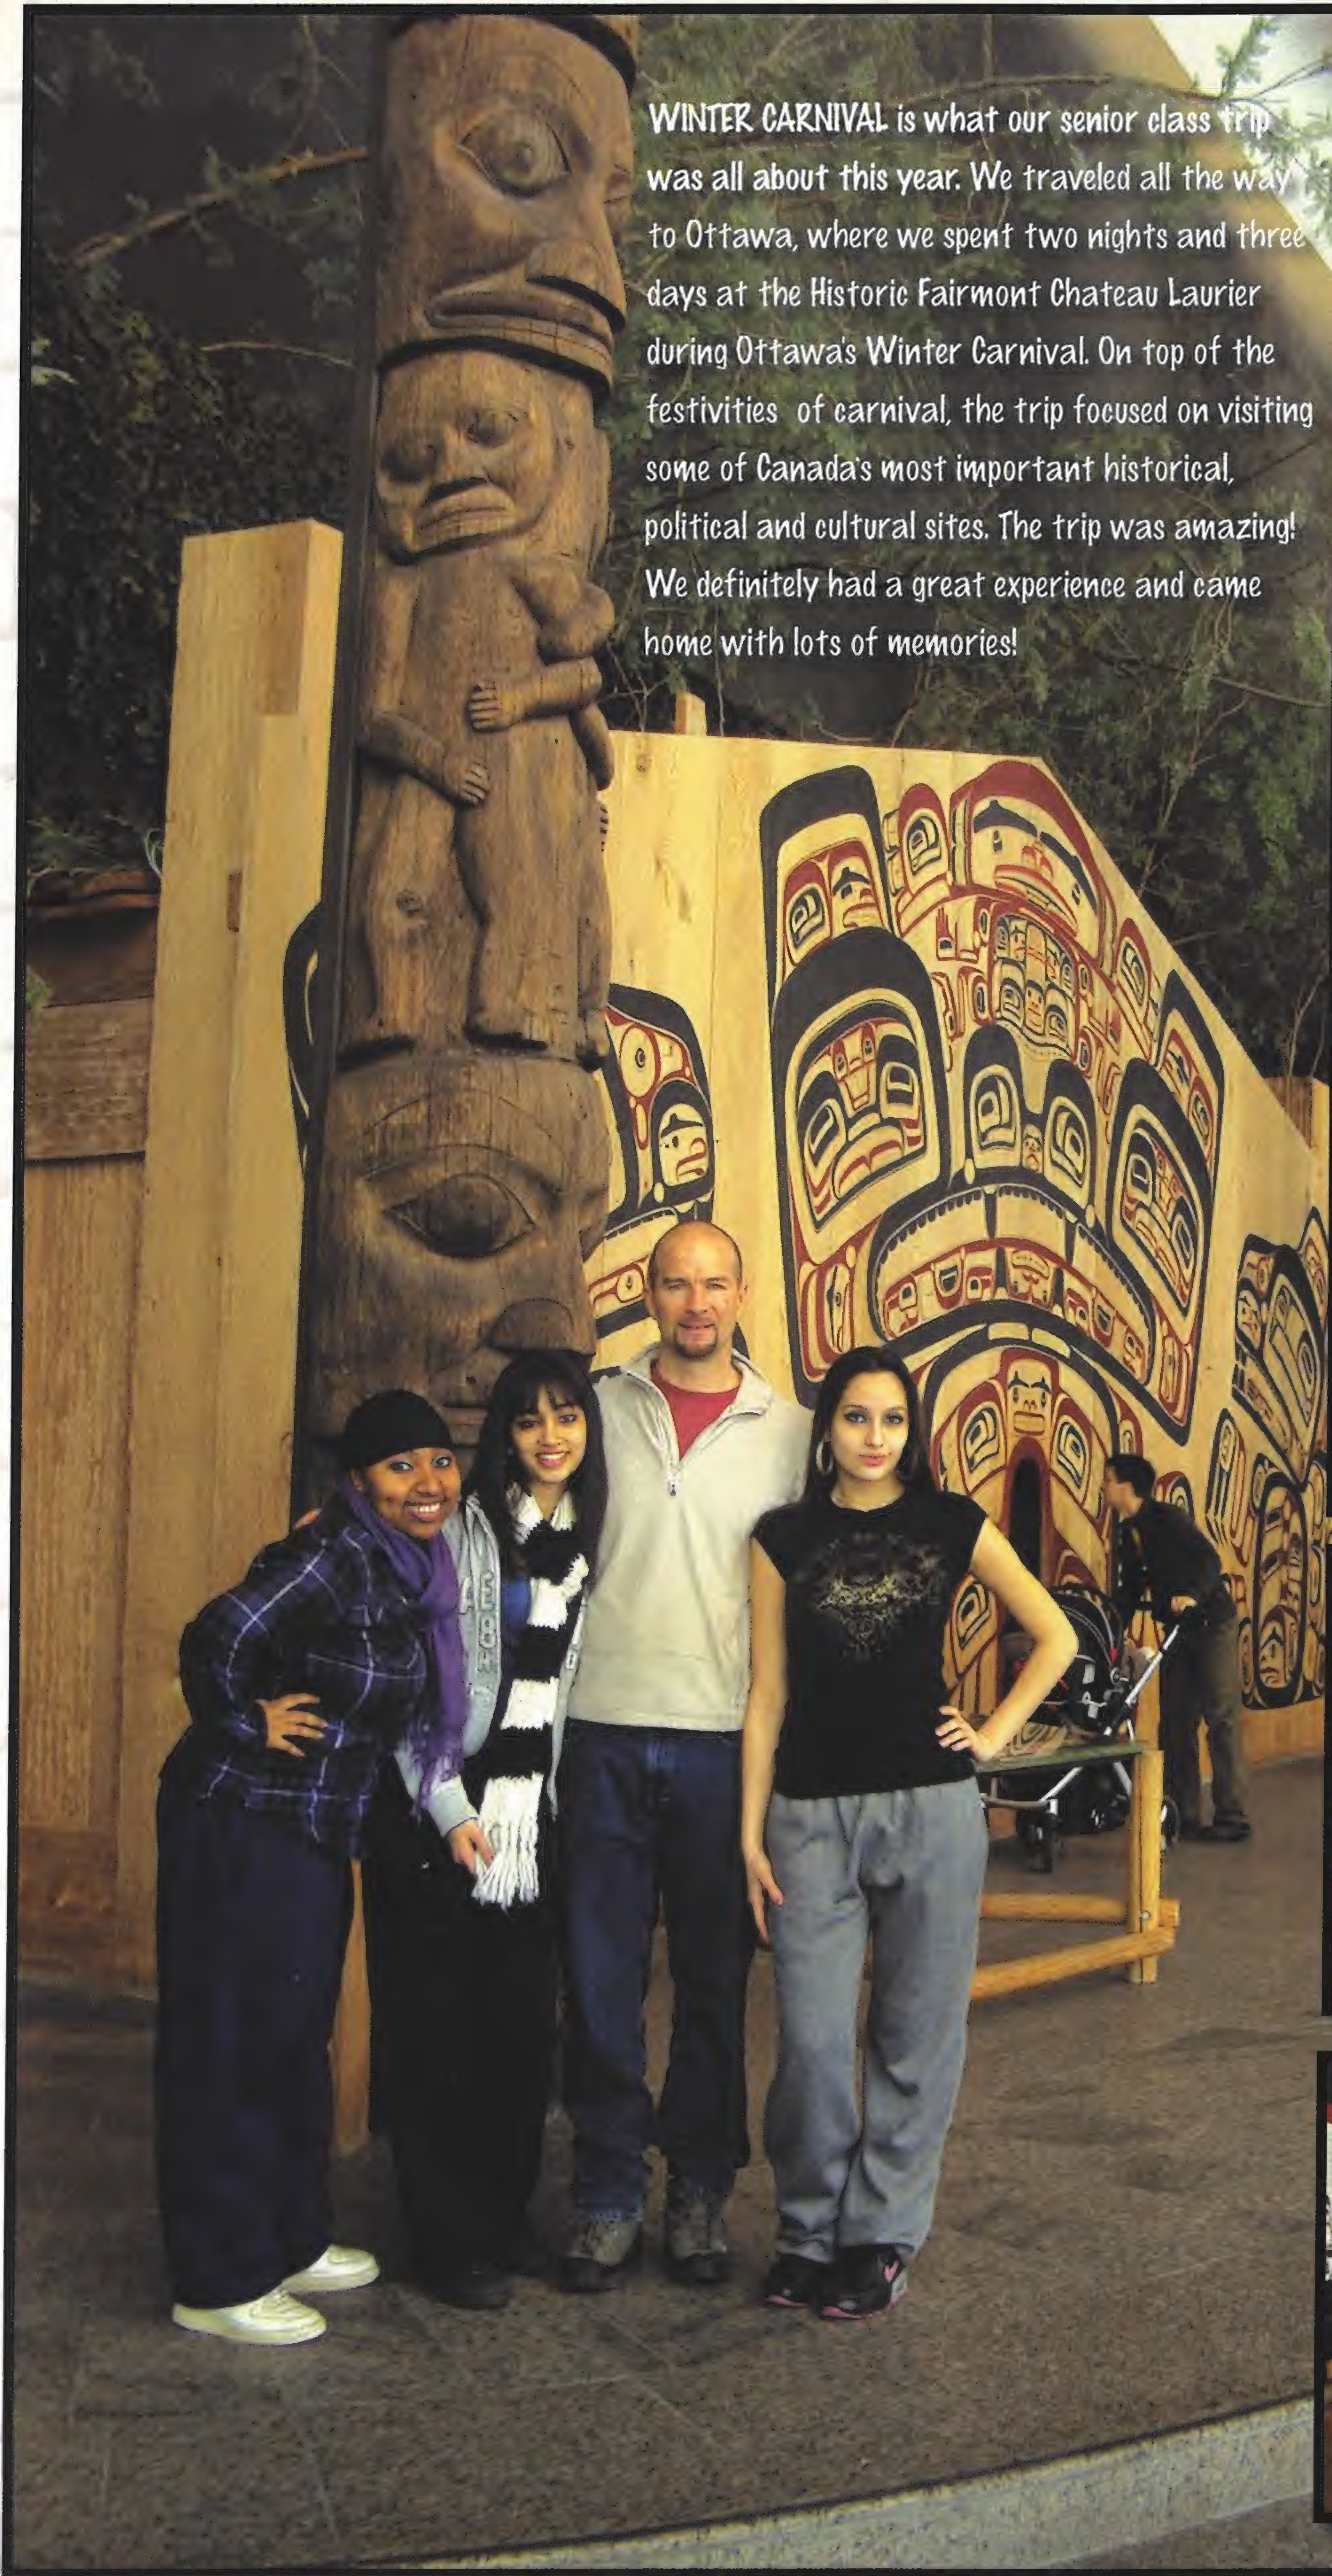

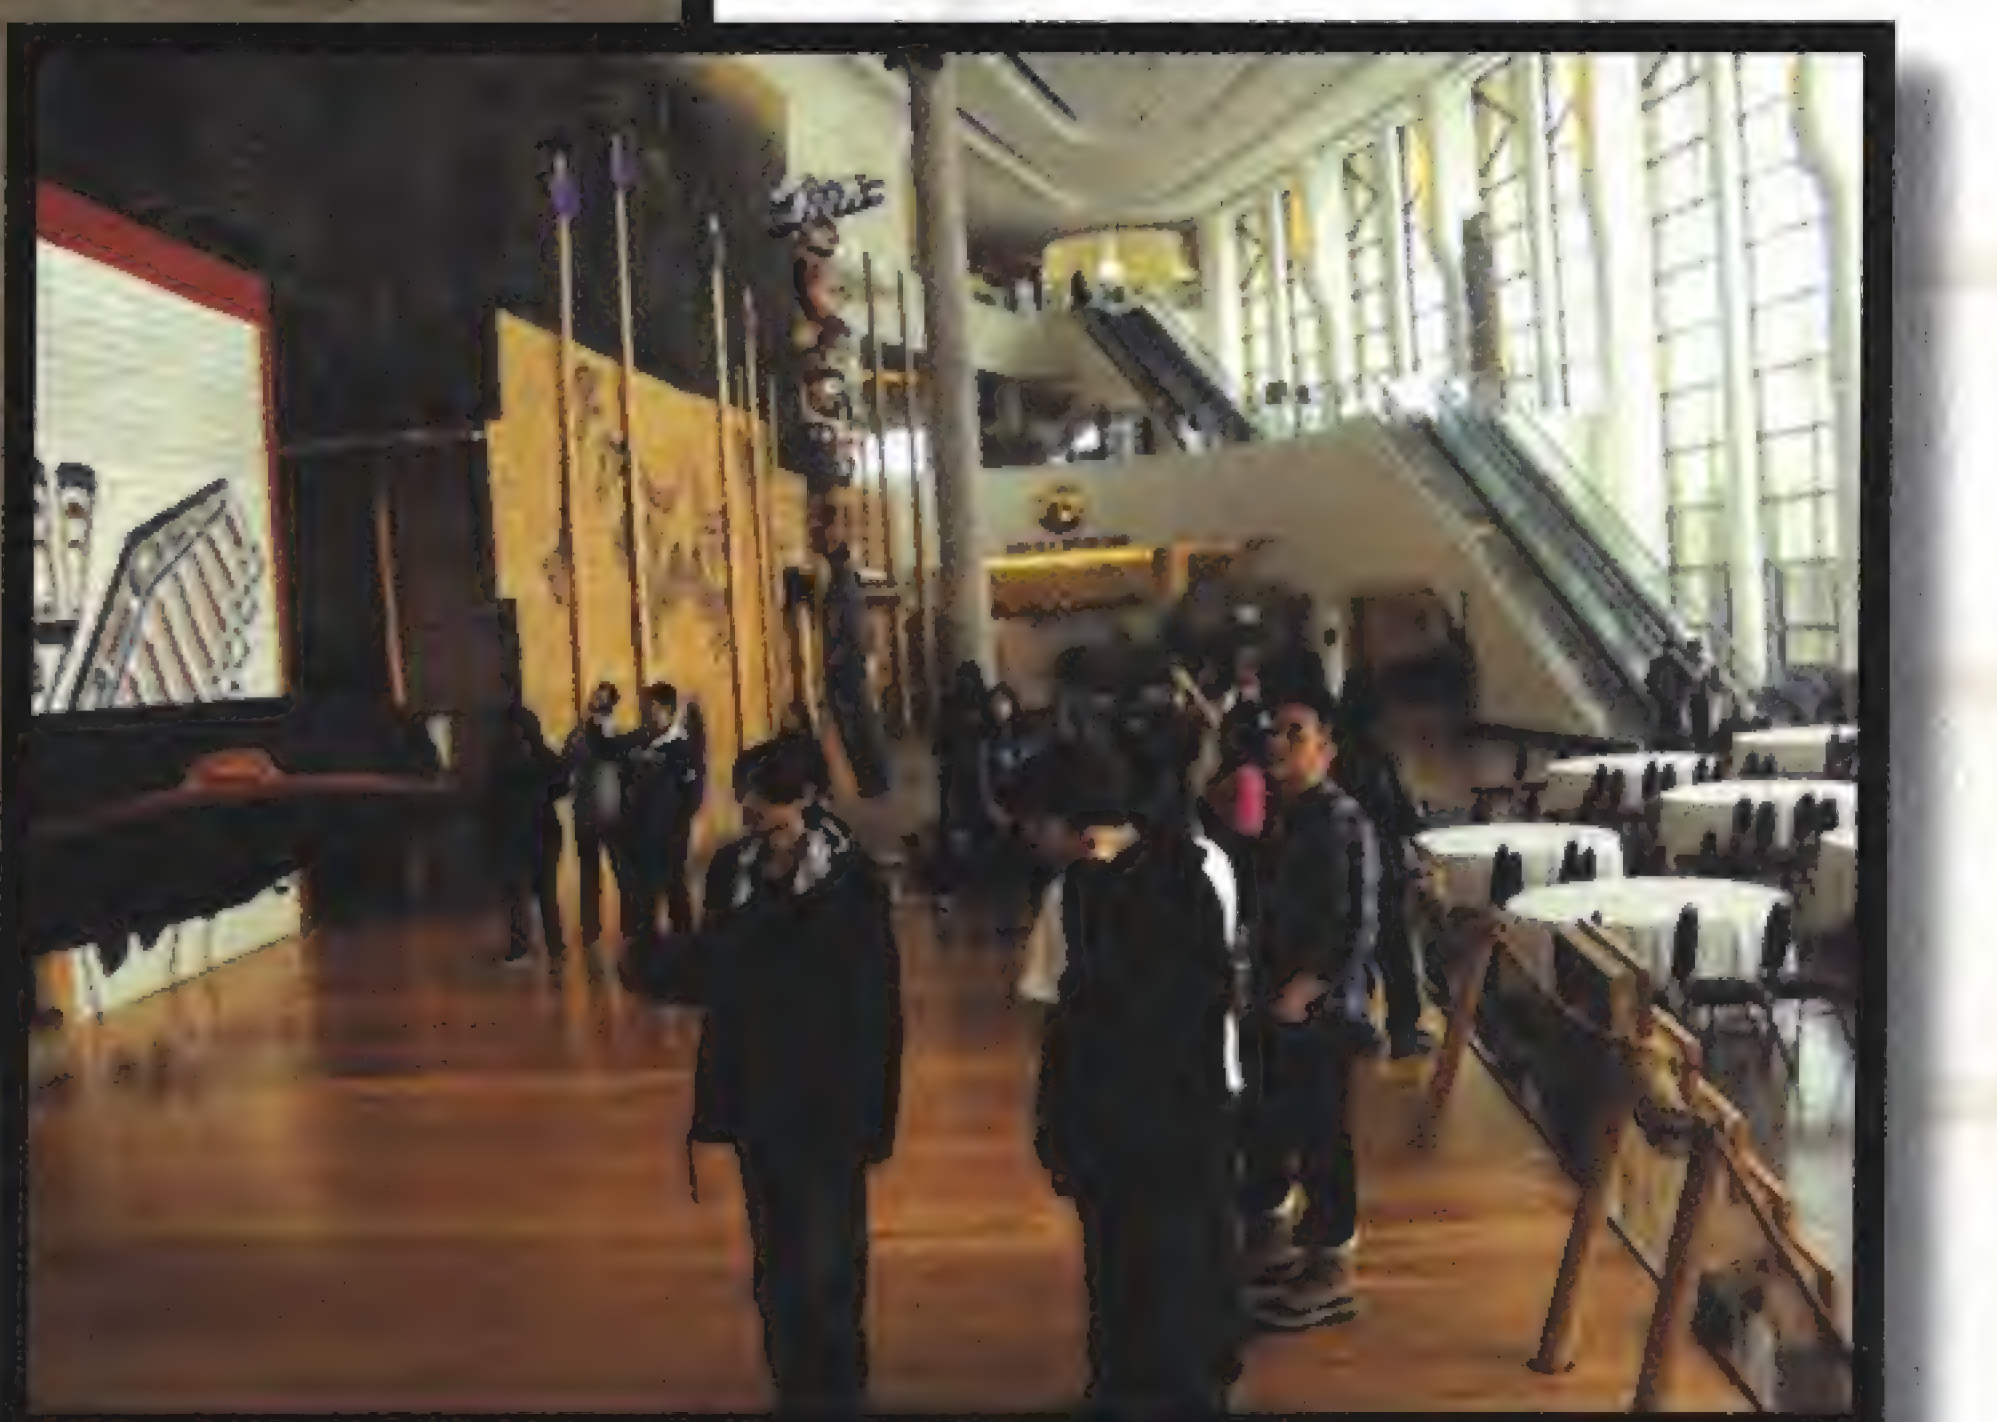

Trip

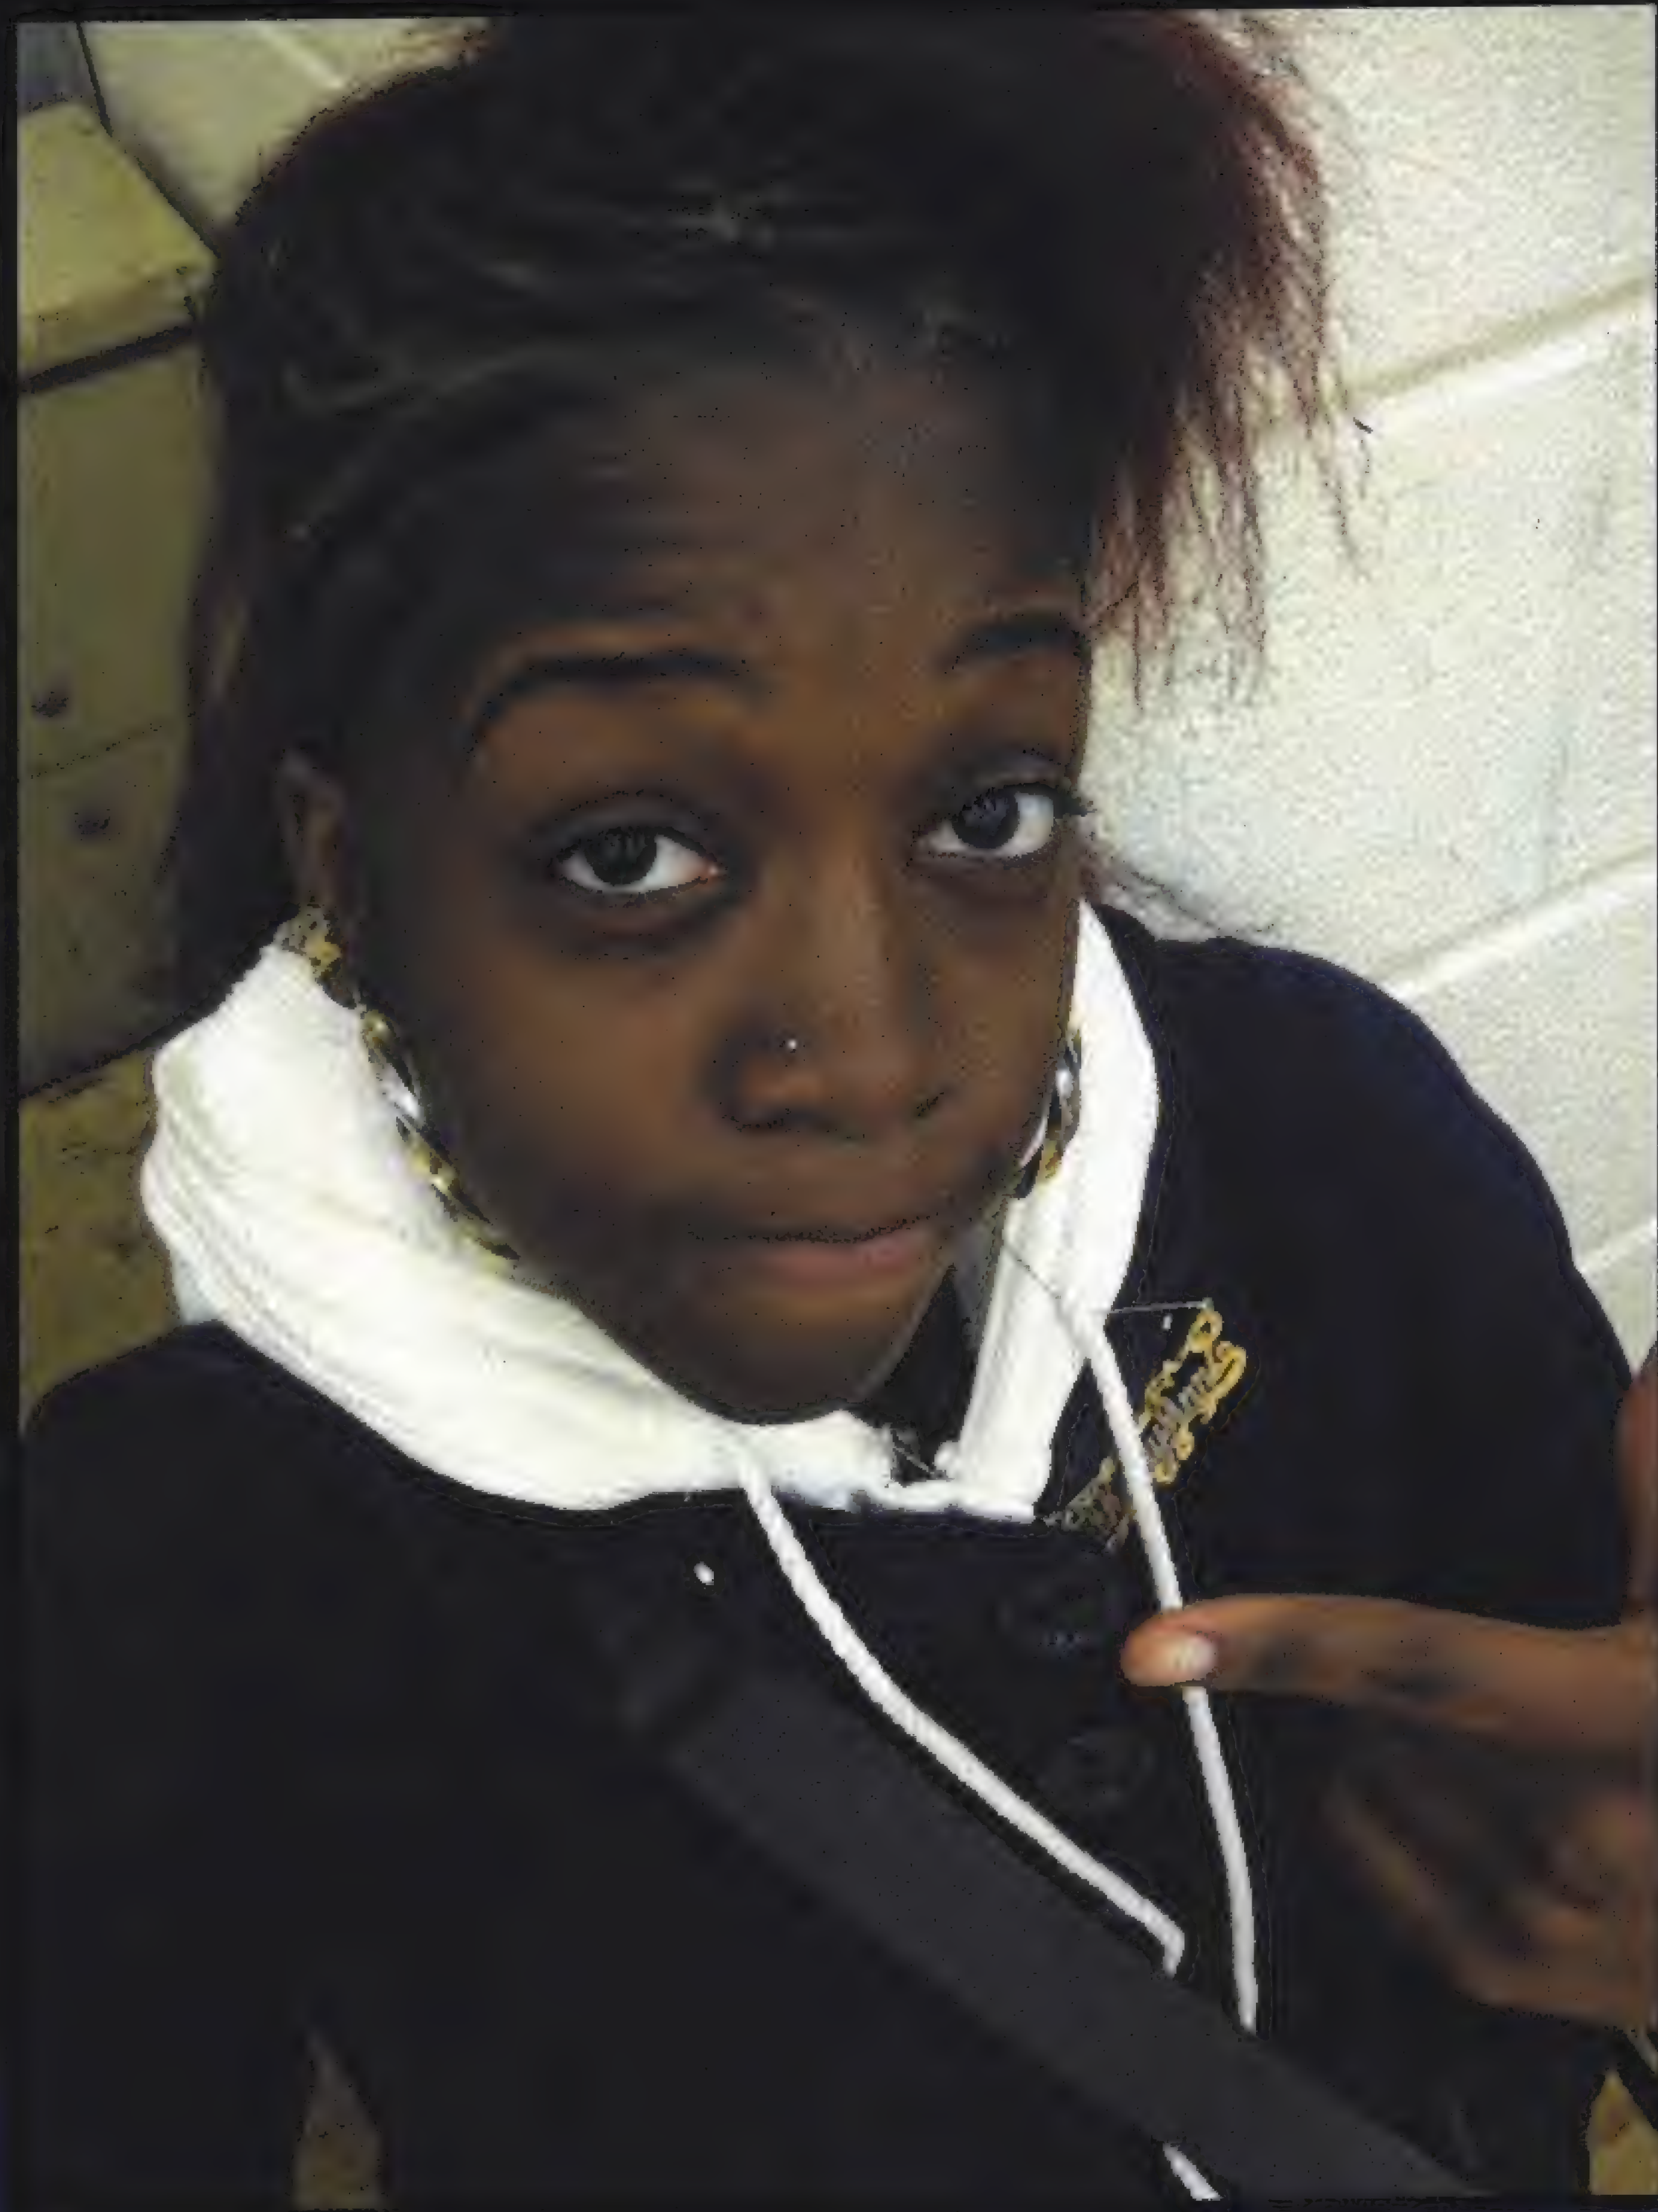

WINTER CARNIVAL is what our senior class trip was all about this year. We traveled all the way to Ottawa, where we spent two nights and three days at the Historic Fairmont Chateau Laurier during Ottawa's Winter Carnival. On top of the festivities of carnival, the trip focused on visiting some of Canada's most important historical, political and cultural sites. The trip was amazing! We definitely had a great experience and came home with lots of memories!

My past 4 years at Westview has been the most  
memorable years ever. One thing I could say for sure  
is that I have grown as a individual and become more  
responsible. I had my moments of excitement with my  
friends and my mouthing off times with the teachers  
but it all paid off in the end. The memories that I will  
always cherish forever are my experiences with the  
senior girls basketball team. OFSSA was a BLAST!!

# TIME to EAT!

## LUNCH HOURS @ WESTVIEW

Lunch hours at Westview are packed with lots of excitement and fun things to do. Over the lunch hour you can go to the plaza, that's just across the street from the school, or you can go to one of the two local malls (York Gate or Jane Finch). If you're behind in any classes you can go to our school library and catch up, if that's not the case then you can just chill, eat food and run jokes.

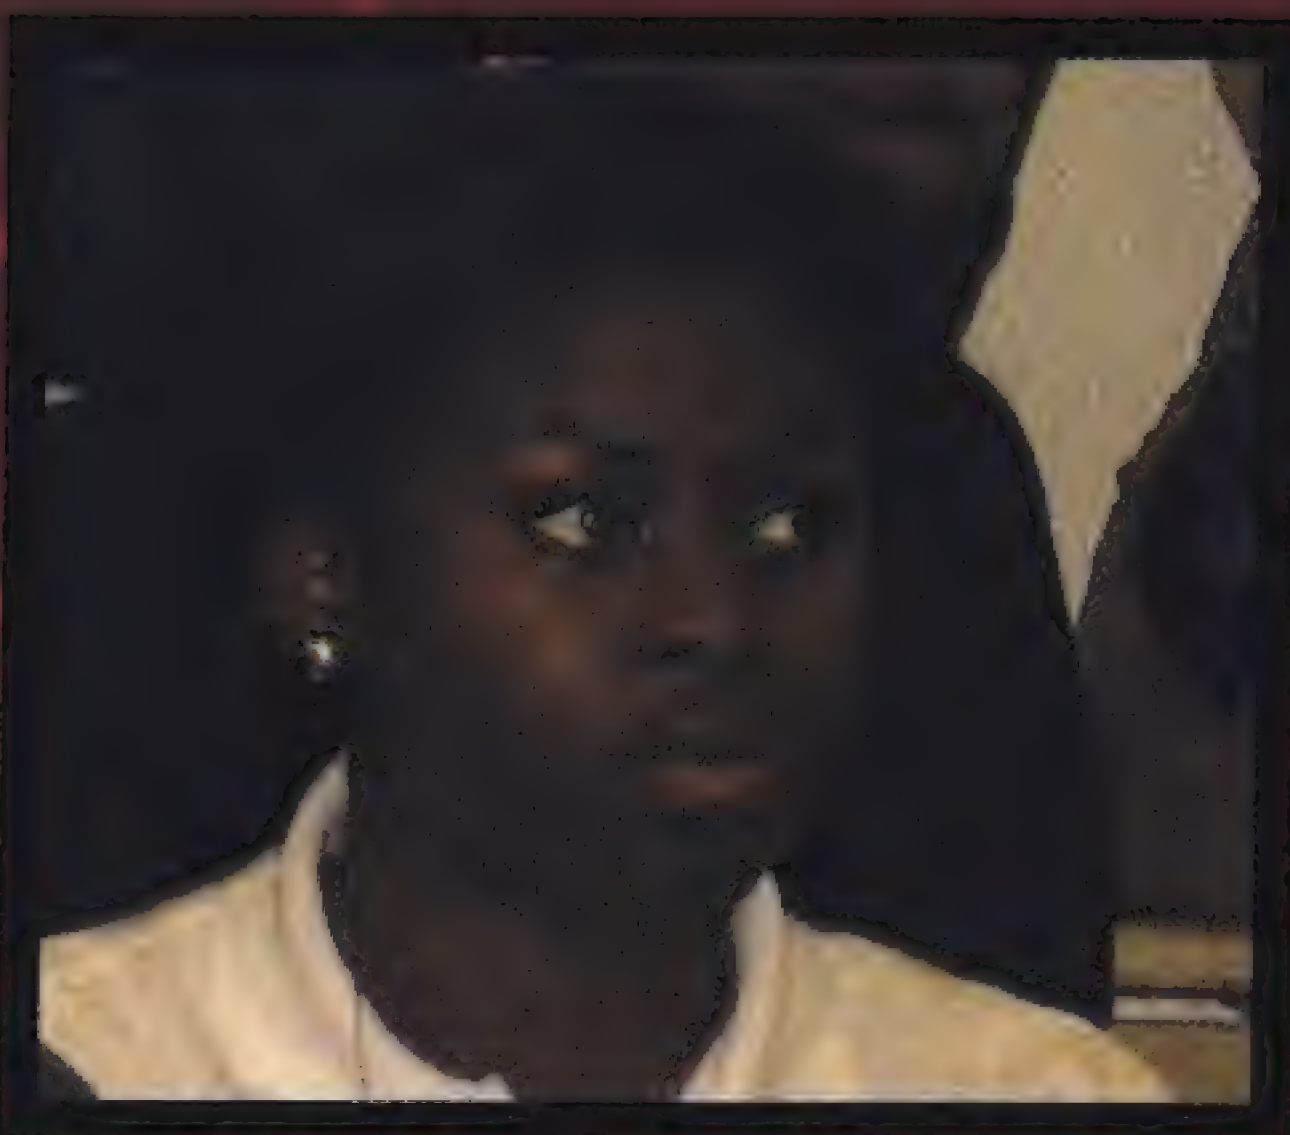

FINALLY WE  
GET TO EAT!!!

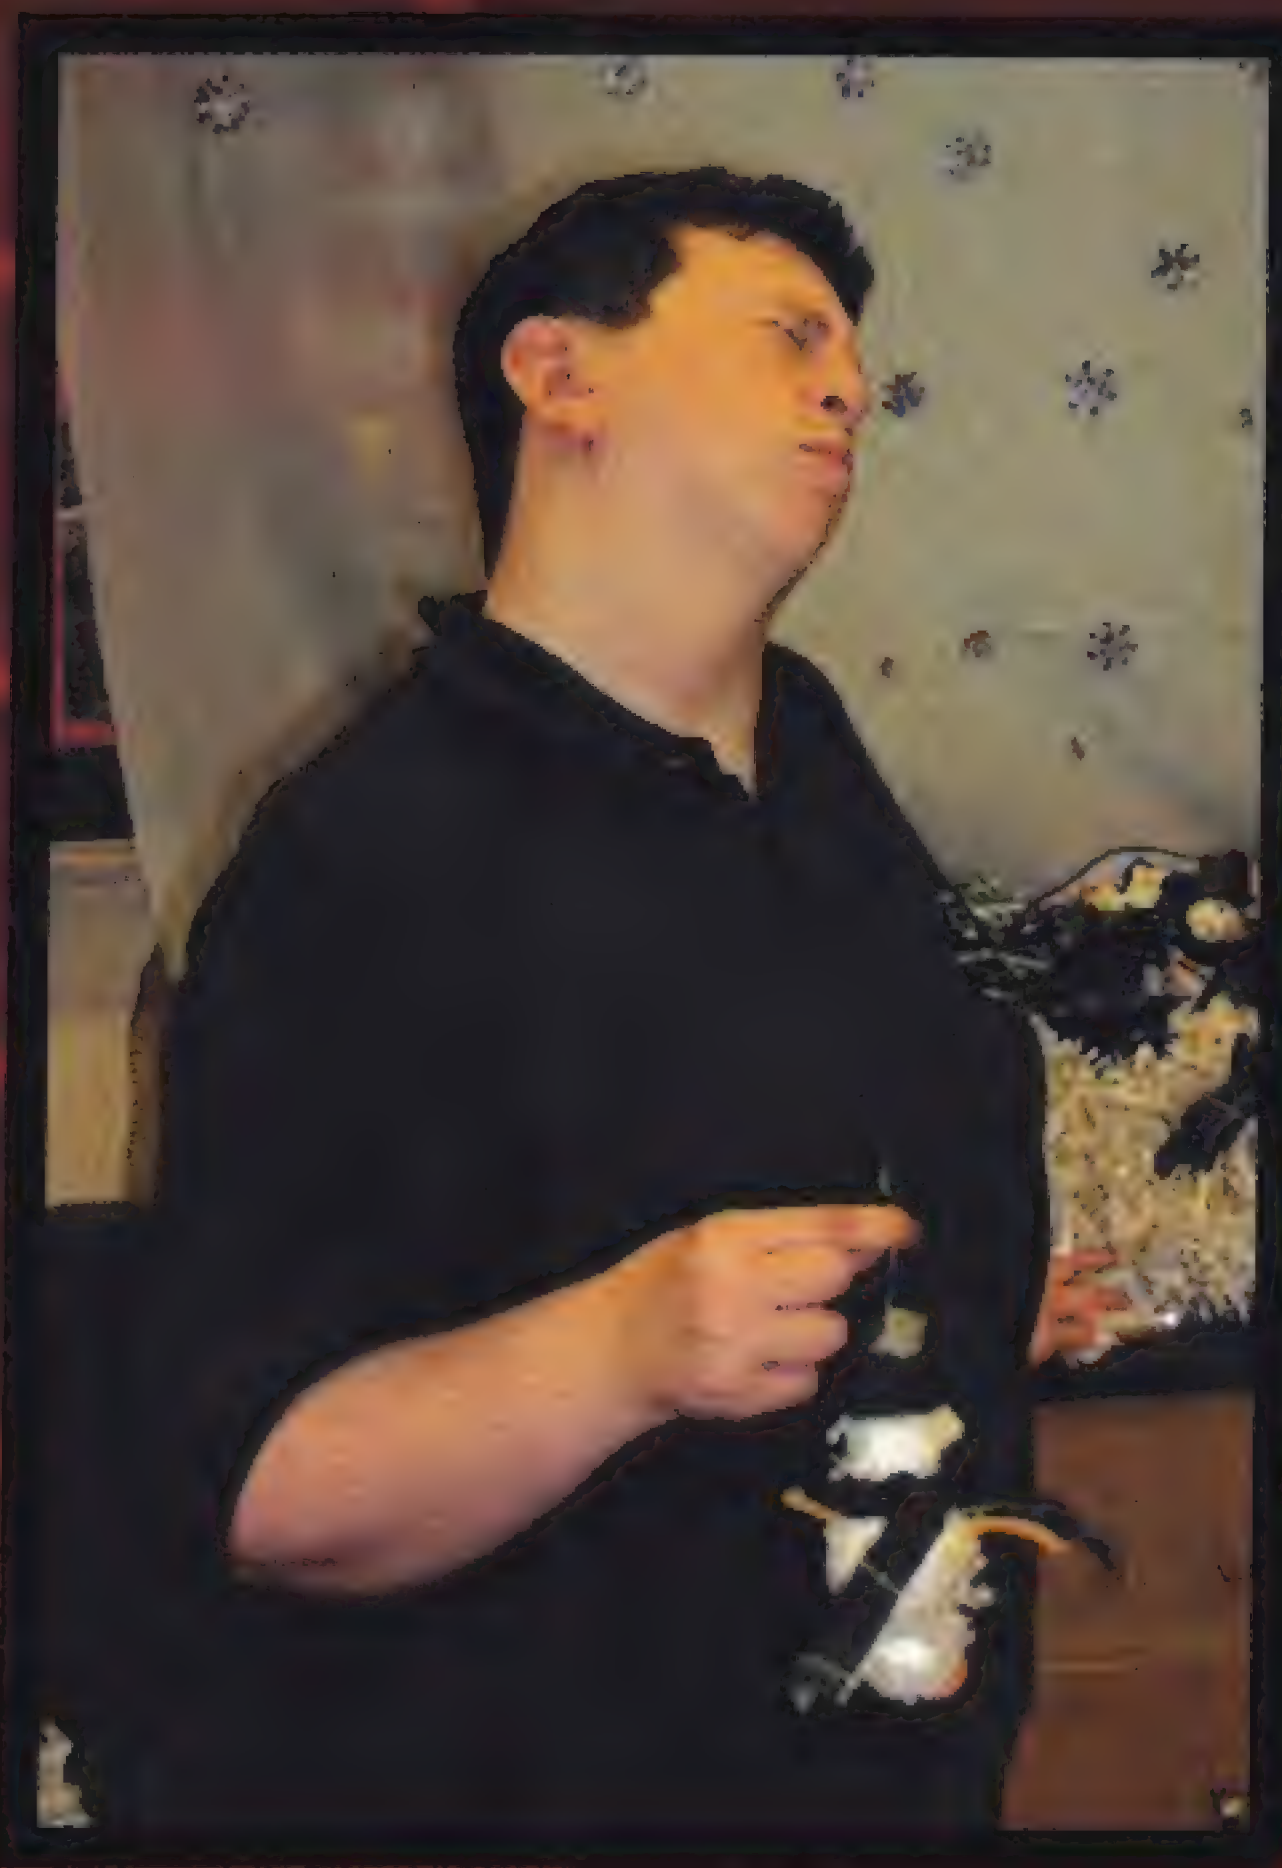

# Caught Slippin'

So all year the yearbook class went around the school taking pictures and some people took great pictures and some students didn't know what they had coming for them. We all have those pictures where we wish we looked at the camera, or were like "that's not going on Facebook". In this case you're going to be wishing you actually were looking at the camera cause you were **CAUGHT SLIPPIN'**.

# DRESS DOWN DAYS!

## @ WESTVIEW

Dress Down Days are occasional events at Westview, when students are not required to wear uniform. Being part of a uniform school restricts us from dressing in casual clothing; this is why Dress Down Days are exciting. Students get the chance to dress however they want for these numbered events. Some fashionable trends that students of Westview take on are; cardigans, leather jackets, ripped jeans, boots, Jordans, fitteds and toques. When I asked other students what were some of their favourite places to shop; their answers were places like H&M, Forever 21, Urban Outfitters, Urban Behavior and Footlocker just to name a few. Students chose these stores because of their up-to-date and fashionable styles and trends. Personally I enjoy Dress Down Day for the same reasons as most of the students, because you are not subjected to wear uniform and you have the opportunity to **ROCK YOUR OWN SWAG!**

This year our school has won regional championships, medaled at cities and even taken the show on the road to compete at OFFSA. It is without doubt, that Westview has proven themselves to be fierce competitors with growing potential to excel in sports. We are ready, willing and able to take on any school that challenges us!

# The ACE program

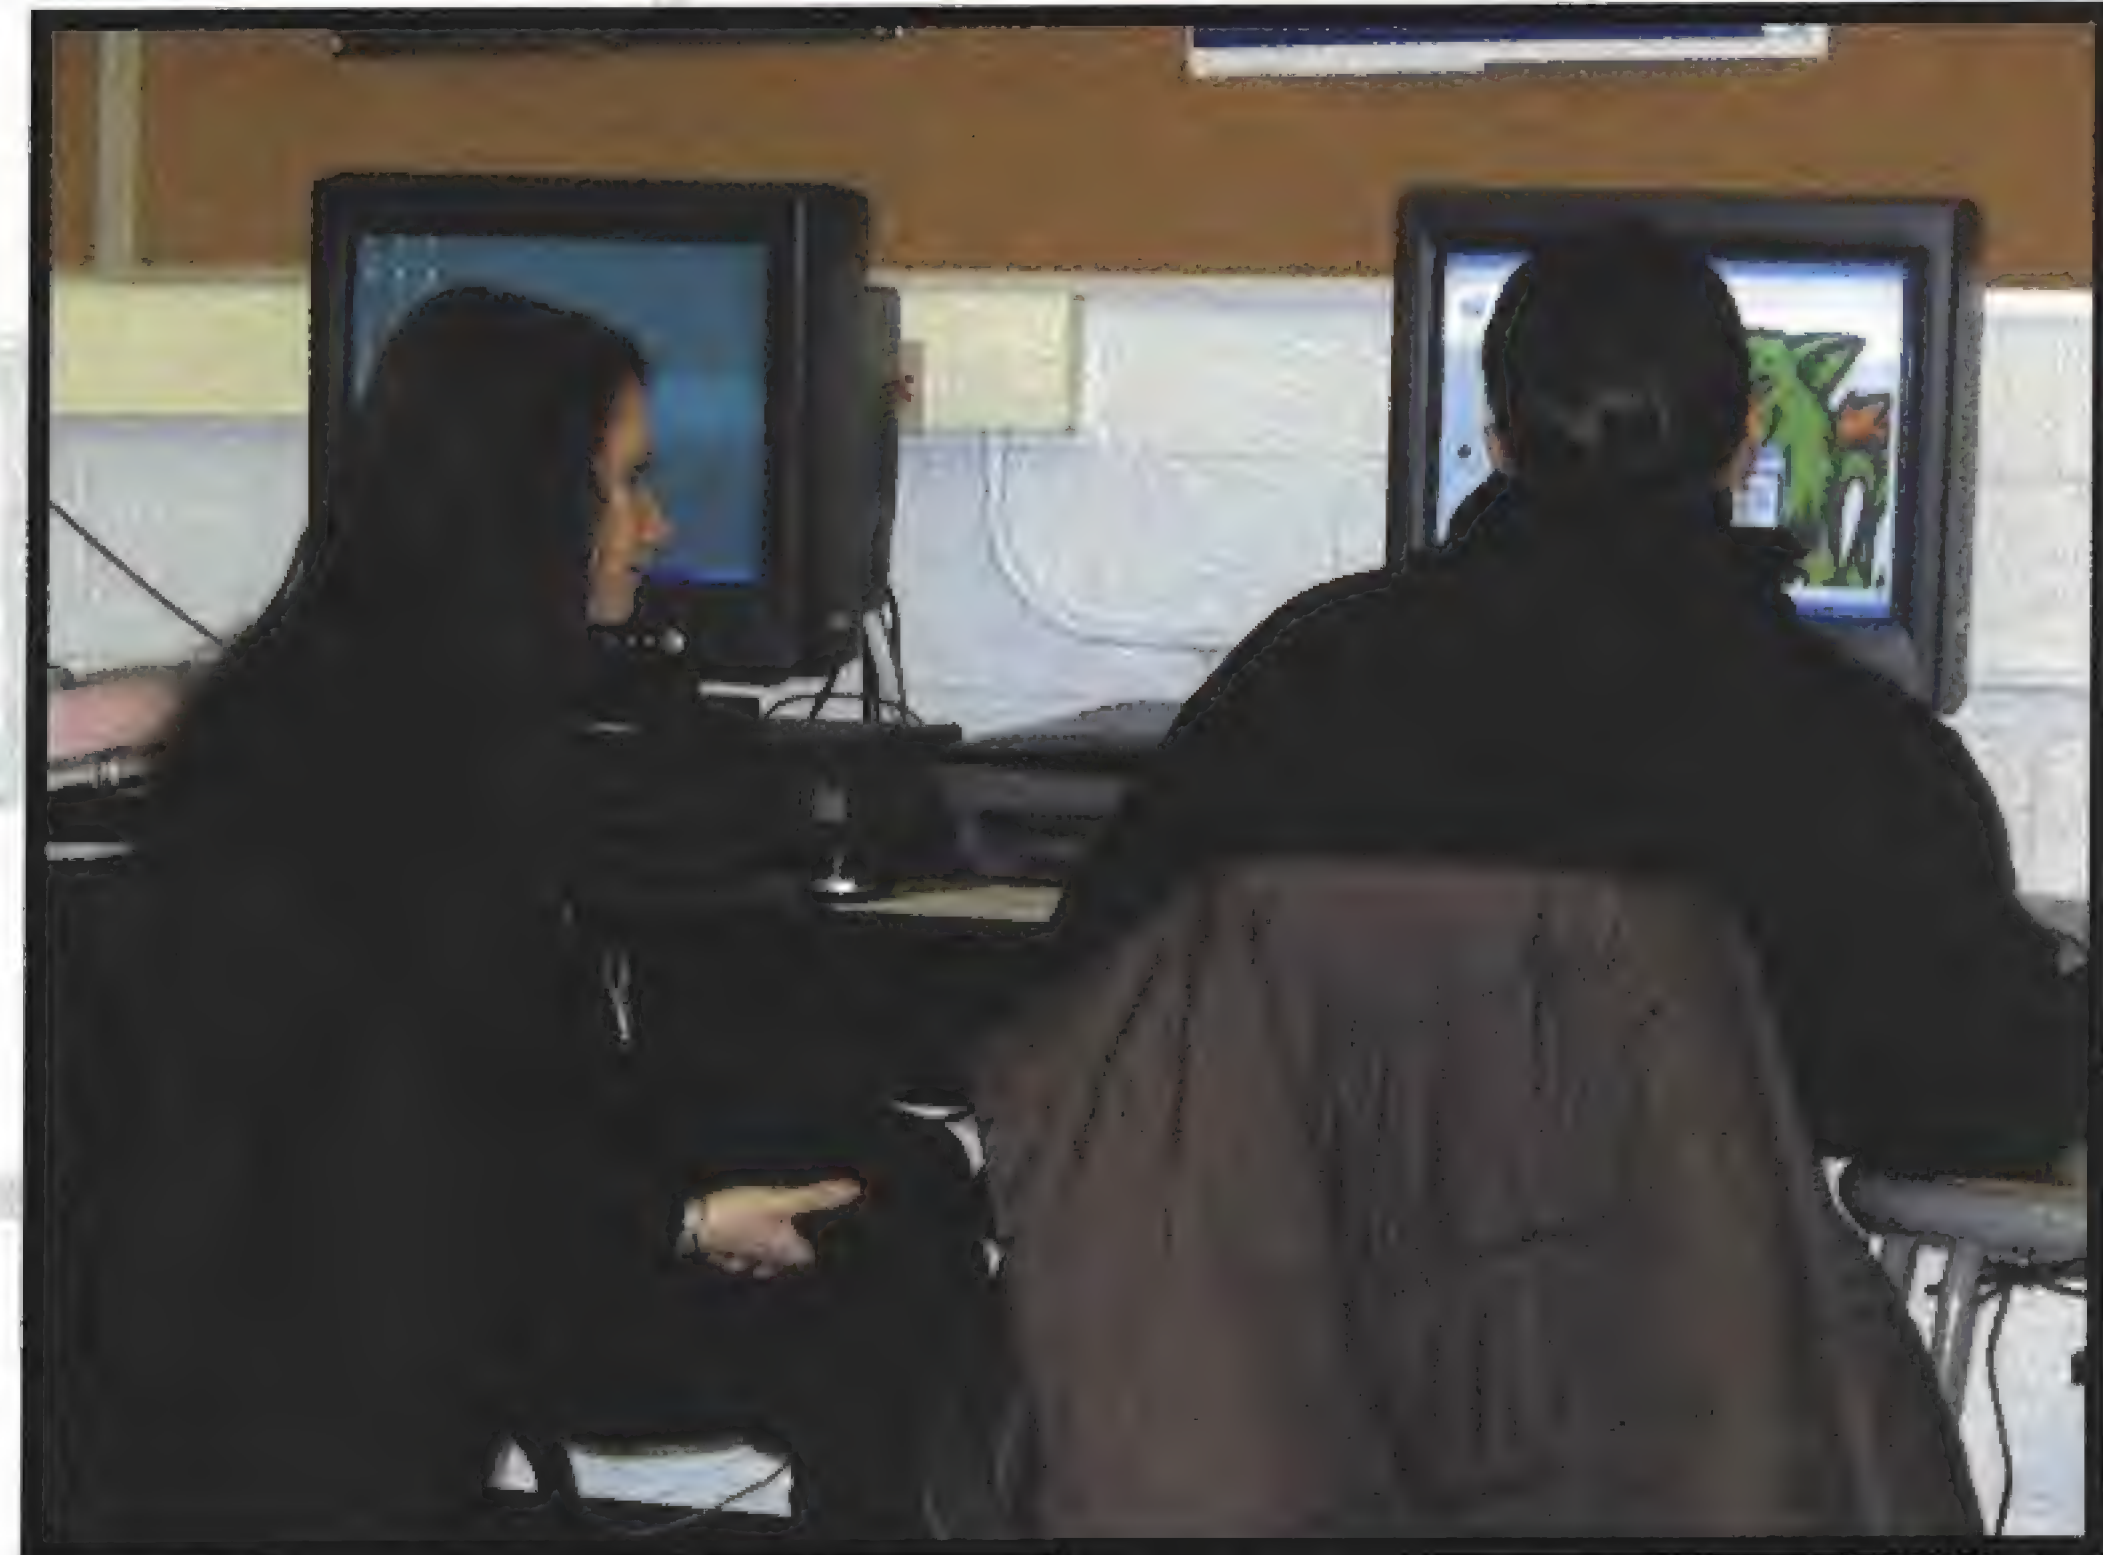

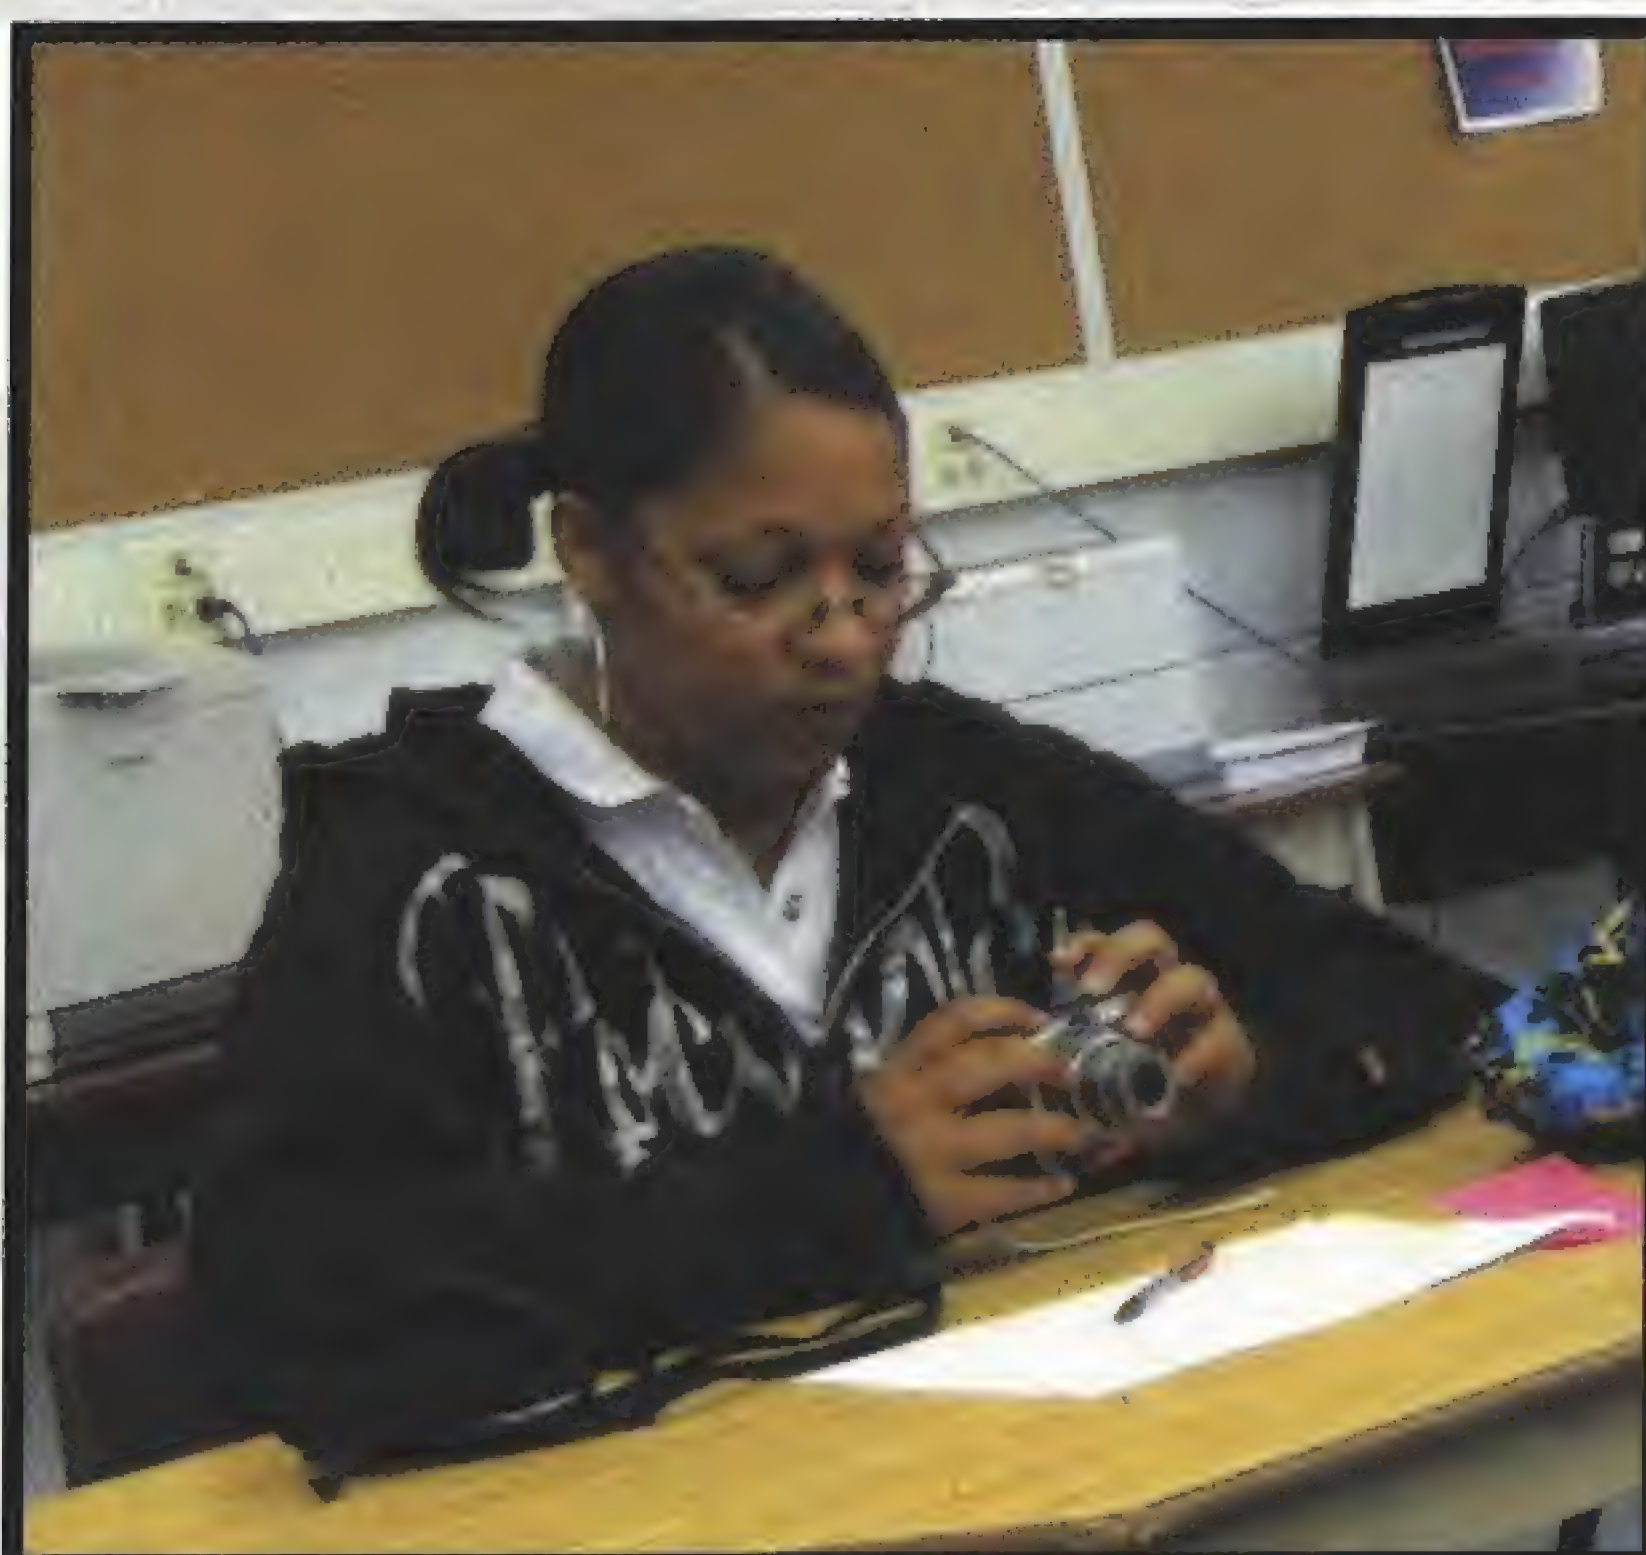

The Advanced Credit Experience (ACE) program provides an opportunity for students in grade 11 to be exposed to post-secondary education at York University and Seneca@York. Students spend one semester on York campus enrolled in a first-year university or college course while working three days per week in a cooperative education placement. Students who are successful earn a post secondary course and are eligible for generous bursaries. This year Westview's ACE students did a fantabulous job at representing our school and community at the university.

# The 2009 YEARBOOK Class

Thanks to the active members of the 2009 Yearbook Class who stepped it up when it came to crunch time!  
 A special thanks to Ms. Medeiros and the Photography Class for helping out whenever needed!

# EARN A COLLEGE CREDIT WHILE IN HIGH SCHOOL!

## Dual Credit Program

### Designing Your Future

#### What is 'Dual Credit'?

Students participate in apprenticeship training and postsecondary courses, **earning dual credits** that count towards **both** their high school diploma and their postsecondary diploma, degree or apprenticeship certification.

#### 'Who' is this for?

Students who need learning opportunities outside of high school and who would benefit from a college or apprenticeship experience. *High school students must be 16 years of age or older, with at least 16 credits to be eligible.*

#### 'Why' Dual Credit?

Experience college first hand before going to college. The program is financially **FREE**, covered by the Ontario Ministry of Education. Earn possibly **more credits** in one year, with the additional college credits. Gain experience that will help you with future post secondary education or apprenticeship. Get an early start on learning and training for your future careers. **We want you to know more about your options!**

#### 'When' & 'Where' is it?

As long as you are **still in high school** with the minimum requirements, you are able to take this program. Do check with your Cooperative Education teacher or with your guidance for more information and for registration.

Start by going to your guidance counsellor or your Co-op Teacher

Ask for the list of programs that are available (Please do note that **space is limited**; it is a first come, first serve situation.)

**You will be interviewed** as to why you would like to take this program.

**Be honest** when answering, this enables accurate information needed when they are looking for your placement later.

Your timetable will be adjusted for co-op, which is the dual credit program.

You will spend two periods of the day at a placement earning hours towards your co-op credits.

You then do hours at either a college or in an apprenticeship for the third additional credit.

To find out more information about the Dual Credit Program, please visit:
